Dear Dr. Tostenson,

The Tennessee Student Assistance Corporation (TSAC) program review of your institution's State financial aid programs for the 2024-2025 academic year was conducted October 20, 2025 through October 23, 2025. TSAC Senior Compliance Officer, Sarah Perdue, reviewed a random sample of student records of the institution's State financial aid recipients.

Given the audit was conducted on a sample of recipients, there should be no assumption the institution is compliant in regard to other recipients not selected for review.

No substantive discrepancies were identified during the audit. Therefore, the TSAC program review of the 2024-2025 academic year is now closed.

We greatly appreciate the time given by your staff in helping make this a successful audit. Please do not hesitate to reach out at any time with questions or if additional assistance is needed.

Sincerely,

INTRODUCTION:

The staff at Volunteer State Community College was cordial, professional, and cooperative for the duration of the audit.

The audit consisted of a thorough examination of the institution's procedures for administering State financial aid programs including reviewing a sample of student records. Administrative procedures for the application process, verification of student eligibility, disbursement of aid, and annual reconciliation were reviewed.

Due to the limited time of the audit, the review was not meant to be all-inclusive. The absence of statements in this report regarding specific practices and procedures followed by the institution should not be construed as acceptance, approval, or endorsement of the same and does not lessen the institution's obligation to comply with all laws, regulations, and policies pertaining to State financial aid program.

Audit Observations

I. Determination of Program Eligibility

In the student sample reviewed, records were examined to ensure eligibility for TSAC program awards, eligibility requirements, and maintenance of records. Student records were organized in an efficient and consistent manner.

II. Disbursements

Student account disbursements were authorized correctly. The institution's procedures for posting payments to student accounts, if applicable, and ensuring refunds are issued and negotiated are acceptable.

III. Academic Records

Current administrative and operational procedures for monitoring institutional satisfactory academic progress (SAP) comply with federal regulations and is applied to TSAC programs correctly. As State financial aid program(s) require, the grade point average evaluation was determined appropriately as it differs from institutional SAP.

IV. Program Reconciliation

Program reconciliation is required for each State financial aid program the institution participates in which includes comparing student payments in TSAC's data system and the institutions system. The review found the institutions financial records for the student sample acceptable and reconciled which includes refunding program awards if a student was paid incorrectly.

V. Institutional Liability

Due to the absence of findings in the TSAC audit, the institution incurs no financial liability in the overall administration of the State financial aid programs for the 2024-2025 academic year.
